53 ***Introduction***

54

55 **Sustaining and Expanding Access to Affordable and Equitable Health Care Benefits**

56 As statewide representatives of tens of thousands of unionized and non-unionized public school employees
57 and their families, Vermont-NEA and AFSCME, consistent with the intent of Act 11, are committed to
58 negotiating a health benefits settlement that expands full access to affordable and equitable health care for
59 all school employees and their dependents who have been denied such access to date. We are also
60 committed to sustaining access to affordable and equitable health benefits for school employees and their
61 dependents who are fortunate to have it at present, and who have sacrificed wage and other benefit gains
62 for decades to achieve and maintain these benefits.

63

64 We believe access to high-quality, affordable health care for all school employees and their dependents is
65 absolutely essential to the recruitment and retention on high-quality teachers, educational support
66 professionals and administrators.

67

68 **Working Together in the Service of Public Education and the Common Good**

69 Vermont-NEA and AFSCME will pursue these statewide negotiations in a spirit of collaboration and mutual
70 respect.

71

72 This is probably the most demanding and consequential bargaining assignment any of us have ever
73 undertaken. Unfortunately, we do not have a lot of time for research and deliberation, and the complexity
74 of our work is great. Going forward, therefore, we must do our “homework” thoroughly and quickly, take
75 pains to “do no harm,” and be patient with each other as we try to understand and resolve a host of issues
76 that historically have been addressed at the local level with the benefit of locally specific and accessible data.

77

78 We must also discuss how we can readily gain access to and work systematically (and more quickly) with the
79 data we need from school districts and other sources so that we can more effectively prepare for and conduct
80 statewide bargaining in the years to come.

92

93 **Article I: Implementation Date of Statewide Negotiations' Agreement**
94

95 **July 1, 2020 vs. January 1, 2021**

96 At present, VSBA and the Unions are discussing with legislators a “technical fix” to Act 11 that would move
97 the implementation date of the statewide bargaining settlement to January 1, 2021 (rather than July 1, 2020).
98 It is our understanding that the leadership of the unions and VSBA are in general agreement that there are
99 clear advantages to moving the implementation date to January 1, 2021, especially as it pertains to the
100 administration in 2019 to health spending accounts.

101
102 However, if the date change does NOT happen via legislation as the unions hope, we propose that for the
103 limited period of July 1, 2020 through December 31, 2020, health benefits for unionized and non-unionized
104 personnel be maintained in accordance with the terms and conditions that had been negotiated at the local
105 level statewide and were in effect on June 30, 2020.

106
107 **NOTE:** *The proposals that follow are predicated on the understanding that the implementation date of **any new***
108 ***health benefit terms different from those that were in effect in local school districts on June 30, 2020, will be***
109 *January 1, 2021; if that proves for whatever reason not to be true, the union reserves the right to amend the*
110 *start dates and timelines in its proposals to reflect a start date of July 1, 2020, without altering the intent of its*
111 *proposals.*

112
113
114 **Article II: Defining the Scope of Statewide Bargaining**
115

116 **Maintaining Consistency with Act 11 and Protecting the Integrity of Local Collective Bargaining Agreements**
117

- 118 1. The unions propose that parties agree that the scope of statewide bargaining will be limited to the following
119 issues:
- 120
 - 121 a) Determining eligibility for health benefit plans and tiers of coverage for school employees;
 - 122 b) Standardizing the duration of health insurance coverage during a term of employment;
 - 123 c) Negotiating cost-sharing amounts between employers and employees for premiums and out-of-pocket costs
124 in addition to structuring health spending accounts;
 - 125 d) Researching, vetting and establishing a system of third-party administration that is efficient and
126 competent, technologically sophisticated and manageable, and accountable to employers and
127 employees;
 - 128 e) Developing local training resources and workshops for employees about their benefit plans, health
129 spending accounts, and TPAs;
 - 130 f) Conceptualizing and implementing ratification processes at the close of formal negotiations.
- 131

- 132 2. The unions and VSBA agree that they will take appropriate and effective measures to avoid decisions that
133 may undermine or negate, or could be interpreted to undermine and negate, existing terms and conditions
134 of employment that are not controlled by Act 11 and historically have been collectively bargained at the
135 local level or provided via policy or individual employment contracts at the local level for non-unionized
136 staff, and that shall continue to be collectively bargained locally or extended via policy or individual
137 employment contracts locally.
138
- 139 3. All existing terms and conditions of employment in collective bargaining agreements, individual
140 employment contracts or school policies – too numerous to enumerate here – that are not subjects of
141 bargaining under Act 11, but that directly involve or implicate the provision of health benefits (for example,
142 early retirement and severance agreements, long-term disability benefits, paid and unpaid leaves of
143 absence, etc.), shall not be affected or altered in any way by the terms of the statewide agreement on
144 health benefits.
145
- 146 4. The parties affirm that all existing terms and conditions of employment in collective bargaining agreements
147 that are not subjects of bargaining under Act 11 shall continue to be collectively bargained at the local level
148 between school districts and the local union representatives of their employees; or such terms and
149 conditions that are currently set in policy or individual employment contracts on behalf of employees who
150 are not part of recognized bargaining units shall continue to be determined by policy or individual
151 employment contracts.
152
- 153 5. The statewide settlement on health benefits will not constrain or limit in any way the ability of local school
154 districts and unions to collectively bargain over and come to agreement on new or expanded terms and
155 conditions of employment that involve or implicate health care benefits but are not subjects of bargaining
156 under Act 11 (for example, early retirement provisions, employee severance agreements, long-term
157 disability benefits, paid and unpaid leaves of absence, etc.). The same will apply to new or expanded terms
158 and conditions of employment established by or negotiated with school districts on behalf of employees
159 who are not part of recognized bargaining units.
160
161

162 ***Article III: Resolving Challenges with Data Collection & Analysis***

163
164 This article is withdrawn and an attempt is being made to resolve this informally.
165
166

167 ***Article IV: Income Sensitized Cost-Sharing and the Future of Statewide Bargaining***

168
169 This article is withdrawn and an attempt is being made to resolve this matter through future
170 recommendations to VEHI made jointly by the parties.
171

172 **Article V: General Provisions**

- 173
- 174 1. All terms and conditions of the statewide agreement on health benefits will be incorporated by reference
- 175 into existing collective bargaining agreements in accordance with applicable laws.
- 176
- 177 2. All terms and conditions of the statewide agreement on health benefits will be incorporated by reference
- 178 into school policies or individual employment contracts that govern health benefits for school employees
- 179 not in recognized bargaining units in accordance with applicable laws.
- 180
- 181 3. Nothing in the statewide agreement shall be construed to deny or restrict in any way the right to health
- 182 insurance coverage through an employer’s health care plan that employees and their dependents are
- 183 entitled to under federal COBRA rules, the federal Family Medical and Leave Act (FMLA), Vermont’s
- 184 Family and Medical Leave Laws, or other state and federal statutes.
- 185
- 186

187 **Article VI: Duration of Statewide Agreement**

- 188
- 189 1. The unions propose that the first, statewide bargaining agreement on health benefits be for a duration of
- 190 four years: January 1, 2021 – December 31, 2024.
- 191
- 192 2. A four-year agreement will greatly facilitate a joint research project on income sensitized cost-sharing. It
- 193 will also permit local school boards and local unions to receive much-needed relief from the non-stop,
- 194 high-pressured bargaining that commenced after VEHI announced the transition to high-deductible
- 195 health plans. It will open the door again as well to the possibility of multi-year collective bargaining
- 196 agreements, something that has not been achievable for some time for many districts and local unions
- 197 because of the timing of the VEHI plan transition.
- 198

199 **Article VII: Eligibility for Health Benefit Coverage**

- 200
- 201 1. Effective **January 1, 2022**, all public school employees who work a minimum of .6 FTE during the school
- 202 year or calendar year shall have the right to enroll in a health benefit plan with an employer subsidy to
- 203 pay for premium and out-of-pocket (OOP) costs. Employees may elect coverage for themselves, their
- 204 spouses and other qualified dependents from any of the four (4) tiers (e.g., single, two-person,
- 205 parent/child[ren] and family) in any of the four (4) plans (e.g., Platinum, Gold, Gold CDHP or Silver CDHP)
- 206 offered by the Vermont Education Health Initiative (VEHI). Spouses of employees shall include those by
- 207 marriage, domestic partnerships, or civil unions.
- 208
- 209 2. Full-time status for determining the amount of employer-subsidized coverage for premium and OOP
- 210 costs will be based on current FTE or hourly requirements for benefit eligibility per work classifications

211 as stipulated for recognized bargaining units covered by existing collective bargaining agreements or as
212 codified in individual contracts and school policies for school personnel not in recognized bargaining
213 units.

214
215 3. Employees who work less than full time but a minimum of .6 FTE during the school year or calendar year
216 shall be entitled to pro-rata health benefit contributions toward premiums. Employer contributions to
217 Health Spending Accounts (HRA or HSA) will be made in full and not pro-rated.

218
219 4. Employees who are not employed full-time, who work a minimum of .6 FTE during the school year or
220 calendar year, and who had access to the same employer-subsidy for health benefits as full-time
221 employees prior to the implementation of the statewide negotiated agreement, shall retain access to
222 their employer's health insurance subsidy for full-time employees.

223
224 5. Employees will not be subject to a probationary period before being permitted access to health insurance
225 coverage for which they are eligible.

226
227 6. Health insurance coverage for new employees or employees newly eligible for health insurance coverage
228 will start at the earliest possible date consistent with current VEHI/BCBSVT enrollment rules.

229
230 7. A couple (married or living as domestic or civil union partners) working for the same employer will be
231 eligible to enroll individually in single-tier coverage, or as a couple in two-person tier coverage, or as a
232 couple with other dependents in family-tier coverage as applicable. Defining the criteria for determining
233 domestic partnership will be determined through local negotiations or through employment policy if
234 employee is unrepresented.

235
236 8. Local collective bargaining agreements or employment policies are advised to incorporate the following
237 items for employees who seek to obtain benefit coverage for domestic partners and the child[ren] of
238 domestic partners must satisfy the following criteria:

239
240 **Domestic Partners:**

241
242 • **Union will agree that the employee must attest to the domestic partner relationship with a**
243 **notarized affidavit.**

244
245 • The employee and the domestic partner are each other's sole domestic partner and have
246 been in an enduring domestic relationship sharing a residence for not less than six
247 consecutive months before enrolling in their school district's health benefit plan;

248 • The employee and the domestic partner are 18-years old or older;

249 • Neither the employee nor the domestic partner is married to anyone;

250 • The employee and the domestic partner are not related by blood closer than would bar
251 marriage under Vermont law;

- 252 • The employee and the domestic partner are competent to enter into a legally binding
253 contract;
254 • The employee and the domestic partner have agreed between themselves to be responsible
255 for each other's welfare.
256

257 **Child[ren] of Domestic Partner:**
258

- 259 • The child[ren] otherwise meets the eligibility criteria for dependent child[ren] under
260 the eligibility provisions for school health benefit coverage;
261 • The child[ren] can be, and is, claimed as a dependent by the employee and/or the domestic
262 partner for federal income tax deduction purposes;
263 • The child[ren] resides with the employee and the domestic partner;
264 • The employee and the domestic partner have agreed between themselves to be jointly
265 responsible for the child's welfare.
266
267

268 ***Article VIII: Continuation of Health Benefit Coverage***
269

- 270 1. Employer-subsidized health insurance coverage for employees whose employment ends on June 30 will
271 extend for two months, until August 31 of the same calendar year, **unless** school districts and local union
272 representatives have agreed to longer alternative arrangements (e.g., via retirement incentives or
273 severance agreements, or leaves of absences, etc.) for school employees in recognized bargaining units;
274 or **unless** school districts have policies or contractual provisions in place with longer alternative
275 arrangements for employees not in recognized bargaining units;
276

277 Employees whose employment ends on June 30 of any given year may terminate enrollment in their
278 employers' subsidized health insurance coverage sooner than August 31 of the same calendar year if they
279 notify their former employer in writing that they are electing to enroll in health coverage from an
280 alternative source and that such coverage will become effective **prior to** August 31. Employees who
281 decide to enroll in health insurance coverage from an alternative source **prior to** August 31 shall be
282 entitled to remain in their former employer's subsidized health insurance coverage until benefit coverage
283 from the alternative source goes into effect.
284

- 285 2. Employees whose employment ends for any reason before the close of their contracted term will retain
286 employer-subsidized health insurance coverage for themselves and their dependents for thirty (30)
287 calendar days after their contractual service ends. This period of coverage for affected employees can be
288 extended beyond the term stipulated above if local school districts have agreed to alternative
289 arrangements (e.g., via retirement incentive provisions, severance agreements, etc.) with the local union
290 representatives of their school employees or with employees outside the bargaining unit.

Article IX: Premium Cost-Sharing: Employers and Employees

1. For all school employees:

1.1 During the first year of the first statewide bargaining agreement, each employer will contribute the same percentage of premium contributions that had been negotiated or determined locally prior to the implementation of the statewide agreement and based on the VEHI plan and tier-of-coverage decisions of employees (unionized and non-unionized) eligible for the employer’s premium subsidy.

For example:

- a) If an employer was paying eighty-five (85) percent of the premium contribution for the Gold CDHP for any tier of coverage, and that amount of money could be credited at an employee’s discretion toward the premium costs for a tier of coverage in another VEHI plan, for the first year of the statewide health benefits agreement, the employer will continue to pay 85 percent of the Gold CDHP’s premiums and that amount of money can still be applied annually at the employee’s discretion to a comparable tier of coverage in another VEHI benefit plan.
- b) If an employer was paying eighty-five (85) percent of the premium contribution for the Silver CDHP for all tiers of coverage, and that amount of money could be credited at an employee’s discretion toward the premium costs for a comparable tier of coverage in any other VEHI plan, for the first year of the statewide health benefits agreement, the employer will continue to pay 85 percent of the Silver CDHP’s premiums and that amount of money can still be applied annually at the employee’s discretion to a comparable tier of coverage in another VEHI benefit plan.
- c) If an employer was paying different premium amounts depending on enrollment in any of the four VEHI plans, for the duration of this agreement, the employer will continue to pay the same premium contribution toward coverage in each of the VEHI benefit plans elected by its employees.

2. For Teachers, Certificated School Administrators, and all other Managerial Personnel:

2.1 During the second year of this agreement, each employer will contribute an amount toward an employee’s selected tier of coverage that is either 2% less than the amount they contributed during the first year of this agreement OR a sum equal to 80% of the total cost of the selected tier of coverage in the VEHI Gold-CDHP, whichever is higher.

2.2 During the third year of this agreement, each employer will contribute an amount toward an employee’s selected tier of coverage that is either 2% less than the amount they contributed during

332 the second year of this agreement OR a sum equal to 80% of the total cost of the selected tier of
333 coverage in the VEHI Gold-CDHP, whichever is higher.

334
335 2.3 During the fourth year of this agreement, each employer will contribute an amount toward an
336 employee's selected tier of coverage that is either 2% less than the amount they contributed during
337 the third year of this agreement OR a sum equal to 80% of the total cost of the selected tier of
338 coverage in the VEHI Gold-CDHP, whichever is higher.

339
340 **3. For all other school employees:** *The provisions in section 3 only pertain to employers who provide an*
341 *insurance benefit to support staff of 85% or greater at the time this agreement takes effect:*

342
343 3.1 During the second year of this agreement, each employer will contribute an amount toward an
344 employee's selected tier of coverage that is either 2% less than the amount they contributed during
345 the first year of this agreement OR a sum equal to 85% of the total cost of the selected tier of
346 coverage in the VEHI Gold-CDHP, whichever is higher.

347
348 3.2. During the third year of this agreement, each employer will contribute an amount toward an
349 employee's selected tier of coverage that is either 2% less than the amount they contributed during
350 the second year of this agreement OR a sum equal to 85% of the total cost of the selected tier of
351 coverage in the VEHI Gold-CDHP, whichever is higher.

352
353 3.3. During the fourth year of this agreement, each employer will contribute an amount toward an
354 employee's selected tier of coverage that is either 2% less than the amount they contributed during
355 the third year of this agreement OR a sum equal to 85% of the total cost of the selected tier of
356 coverage in the VEHI Gold-CDHP, whichever is higher.

357
358 *4. The provisions in section 4 only pertain to employers who provide an insurance benefit to support staff that*
359 *is less than 85% at the time this agreement takes effect:*

360
361 4.1. During the second year of this agreement, each employer will contribute an amount toward an
362 employee's selected tier of coverage that is either 2% greater than the amount they contributed
363 during the first year of this agreement OR a sum equal to 85% of the total cost of the selected tier of
364 coverage in the VEHI Gold-CDHP, whichever is less. In no circumstance will an employer contribute
365 less than 80% of the total cost of the selected tier of coverage in the VEHI Gold-CDHP.

366
367 4.2. During the third year of this agreement, each employer will contribute an amount toward an
368 employee's selected tier of coverage that is either 2% greater than the amount they contributed
369 during the second year of this agreement OR a sum equal to 85% of the total cost of the selected tier
370 of coverage in the VEHI Gold-CDHP, whichever is less. In no circumstance will an employer contribute
371 less than 80% of the total cost of the selected tier of coverage in the VEHI Gold-CDHP.

372

373 4.3. During the fourth year of this agreement, each employer will contribute an amount toward an
374 employee's selected tier of coverage that is either 2% greater than the amount they contributed
375 during the third year of this agreement OR a sum equal to 85% of the total cost of the selected tier
376 of coverage in the VEHI Gold-CDHP, whichever is less. In no circumstance will an employer
377 contribute less than 80% of the total cost of the selected tier of coverage in the VEHI Gold-CDHP.
378

379 ***Article X: Preserving & Expanding Access to All Tiers of VEHI Benefit Plan Coverage***
380

381 Any employee that meets the eligibility requirements of article 7 will be eligible to select any tier of coverage
382 beginning in the first year of this agreement.
383

384 ***Article XI: Out-of-Pocket Cost-Sharing: Employers & Employees***
385

- 386
- 387 1. Each local employer will establish a Health Reimbursement Arrangement (HRA) to be used for
388 qualified medical expenses incurred by an employee or their dependent covered by the
389 employee's selected VEHI plan.
390
 - 391 2. Funds in the HRA will be available and may be used according to IRS Section 213(d) to pay for
392 qualified medical expenses including those that track towards the annual deductible, co-
393 payments or coinsurance required for the employee's selected VEHI plan.
394
 - 395 3. The employer will make an annual deposit into the HRA equivalent to forty (40) percent
396 (currently \$1000 for single or \$2000 2p, P/c, or Family) of the Gold CDHP out of pocket maximum
397 which shall rollover at year end shall the employee not request reimbursement for the total
398 amount deposited.
399
 - 400 4. At the employee's discretion, any rolled-over funds may accumulate in their designated account
401 or be applied to the employee's future medical expenses which may occur in a future calendar
402 year.
403
 - 404 5. Shall the employee spend the entire initial deposit made by the employer, the employer will be
405 responsible for paying all other qualified medical expenses up to the Gold-CDHP OOP maximum
406 (currently \$2,500 for single or \$5,000 for two-person, parent/child[ren], or family). Unspent funds
407 beyond the initial forty (40) percent deposit will not rollover or accumulate from year to year, but
408 will revert to the employer, subject to a one hundred twenty (120) day run-out period. In no
409 event shall funds in an employee's rollover account be accessed prior to the employer's
410 responsibility of the full out of pocket maximum.
411
 - 412 6. The funded portion of the employee's HRA will be eligible to be invested in either a guaranteed
413 interest account, fixed interest annuity, mutual funds, or a variable annuity which account
414 balance will remain accessible post-employment, subject to the vesting requirements as set forth
415 in item 7 below.
416
417

- 418 7. The following vesting requirements will be established in order for employees to transfer any
419 unspent, accumulated funds when their employment terminates:
420
421
422 a. Less than 1 school year: No accumulated funds may be transferred
423
424
425 b. Less than 2 school years: 25% of accumulated funds may be transferred
426
427
428 c. Less than 3 school years: 50% of accumulated funds may be transferred
429
430
431 d. Less than 4 school years: 75% of accumulated funds may be transferred
432
433
434 e. Greater than 4 school years: 100% of accumulated funds may be transferred
435
436
437 8. In instances where an employee voluntarily or involuntarily transfers employment within a
438 supervisory union or as a result of a district or SU merger, the aforementioned vesting
439 requirements will not apply, and an employee may transfer all accumulated funds to an account
440 established by the new employer. Current employee years of service shall be applied to all vesting
441 requirements.
442

Article XII: Pharmaceutical (Rx) Out-of-Pocket Costs

444
445 Employers will cover one hundred (100) percent of the maximum pharmaceutical (Rx) OOP costs of the
446 employee and the employee's dependents enrolled in any of VEHI's four benefit plans. Debit cards will be
447 provided to employees to facilitate pharmaceutical charges.
448

Article XIII: Waiver of Coverage & Cash-in-lieu (CIL) of Benefits

450 This proposal is withdrawn pursuant to the belief that negotiating over this provision is outside the scope of
451 authority provided to the parties.
452

Article XIV: Transitioning to a Statewide TPA and TPA Services in the Interim

- 453
454
455 1. The parties will transition to a statewide system of administering HRAs and FSAs effective January 1,
456 2021.
457
458 2. A Third Party Administrator (TPA) with statewide duties will be jointly vetted and selected by the unions
459 and VSBA, with outside assistance if needed.

- 460
- 461 3. Prior to the transition to a statewide TPA contract, HRAs, FSAs and HSAs will be administered in
462 accordance with the TPA contracts in effect for the first half of FY21 (July 1, 2020 – December 31, 2020).
463
- 464 4. Locally negotiated or determined provisions that governed the payment of administrative fees for TPAs
465 prior to the implementation of the statewide negotiated agreement, both for school employees in
466 recognized bargaining units and those not in recognized bargaining units, shall also remain in force until
467 the transition on January 1, 2021, to a statewide system of TPA administration.
468
- 469 5. Employers shall pay the administrative expenses charged by the TPA contracted to serve all school
470 districts statewide effective January 1, 2021.
471
- 472 6. The TPA chosen for state-level responsibilities must be able to competently structure HRAs to make auto-
473 payments to doctors and other health care providers, hospitals, clinics, and other centers of medical care.
474 Autopayment to providers will be the default payment method unless requested otherwise by
475 employees.
476
- 477 7. The TPA chosen must be able to provide debit cards to facilitate payments when auto-payment is not an
478 option (for example, at pharmacies). Debit cards must be provided to employees prior to January 1st of
479 each year of this agreement.
480
481

482 ***Article XV: Health Reimbursement Arrangements (HRAs)***

483 This article is consolidated with Article XI
484
485

486 ***Article XVI: Flexible Spending Accounts***

- 487
- 488 1. Employers shall offer a Flexible Spending Account (FSA), in accordance with Section 125 of the Internal
489 Revenue Code, to employees who elect to allocate funds to pay for qualified medical, pharmaceutical,
490 dental and vision expenses not paid for by their insurance benefits.
491
- 492 2. Employers shall also offer employees access to a Dependent Care Reimbursement Account (DCRA), in
493 accordance with Section 125 of the Internal Revenue Code, to cover qualified dependent care expenses.
494
- 495 3. All employees shall be eligible to avail themselves of their employer’s FSA or DCRA, irrespective of hours
496 of employment or enrollment in their employer’s health plan.
497
- 498 4. Unused FSA funds shall be permitted to “carryover” at the end of a plan year to the maximum amount
499 permitted under IRS regulations.
500

- 501 5. Once the parties move to a single, statewide TPA system, the FSA Plan year shall be a calendar year, with
502 the open enrollment period set in January. An annual election period shall be held no later than the
503 month of November or immediately thereafter.
504
- 505 6. The period to elect an FSA or DCRA for new employees shall run consistent with the terms of a school
506 district's Section 125 Plan Document.
507
- 508 7. During each election period, eligible employees shall make a written election to decline or to participate
509 in the FSA program. Employees who elect not to participate when first eligible will be prohibited from
510 participating until the next annual election period.
511
- 512 8. During an election period, employees who wish to participate shall designate the portion of their
513 calendar-year income that they wish to have redirected to cover qualified medical, dental, vision and
514 dependent care expenses, up to the maximum per plan year allowable under federal law. Such amount
515 shall serve to reduce the employee's salary on a pro-rata basis each month consistent with a school
516 district's established deduction practices.
517
- 518 9. In accordance with IRS regulations, any funds remaining in an employee's FSA ninety (90) days after the
519 close of the plan year shall be forfeited and shall be used by the employer to offset the administrative
520 costs of the program. Annually, during the first week of December, employers shall send notification of
521 potential forfeiture to any employee with funds remaining in their FSA. The local union shall have the
522 right to review annually district records pertaining to any savings and expenses related to the FSA
523 program.
524
- 525 10. Employee premium payments will be made by payroll deduction on a pre-tax basis through a Section 125
526 Plan administered by the employer.
527
528
529

530 ***Article XVII: Termination of Contributions to Health Savings Accounts***

- 531
- 532 1. Effective January 1, 2021, school districts shall cease making all contributions to employees' Health
533 Savings Accounts (HSAs).
534
- 535 2. In conformance with IRS regulations, employees with HSAs shall retain access to and be permitted to
536 issue monetary disbursements to themselves for qualified expenses from funds in established HSAs.
537
538

539 ***Article XVIII: Recommendations to VEHI from the Statewide Bargaining Committee***

540
541 This article is withdrawn from formal negotiations.

542

543 **Article XIX: Post-Negotiations Troubleshooting and Implementation Assistance**

544

545 The unions believe it would be beneficial for the Statewide Commission to consider if there is a need for the
546 unions and VSBA to create an implementation assistance system or some other similar mechanism at the
547 state level to help local unions and school districts understand the first statewide agreement fully and to
548 assist them with the resolution of thorny benefit issues that we did not foresee or that arose as unintended
549 consequences of our actions, and that do or may have statewide implications.

550

551 Again, all of us are on new ground operating under a very tight timeline with a lot of variables. We should
552 give some thought about the kind of implementation assistance school districts and local unions might need
553 as they transition to a state-bargained health care benefit for all public school employees and their
554 dependents, and if there is a role for the commission to play in this regard.

555

556

557

558

559

560 **Appendix I: Suggested Recommendations to VEHI**

561

562 The people of Vermont, as demonstrated below, have sought to bring about reforms to medical insurance
563 that will guarantee access to health care that is affordable, equitable, and of the highest quality.

564

565 **Vermont-NEA, Health Insurance Reform Principles on Equity, Affordability and Ability to Pay (2018)**

566 *Result in health insurance that is equitable and affordable for all school employees. Create a system that is*
567 *predictable, affordable, and based on a school employee's ability to pay.*

568

569 **American Federation of State, County and Municipal Workers, Statement on Health Care Reform (1993)**

570 *The Union has long advocated that health benefits be comprehensive, affordable and financed on the ability*
571 *to pay*

572

573 **Vermont School Boards Association (2018-2019 Resolutions)**

574 *In order to ensure equity and sustainability in the health care benefits available to all school employees, the*
575 *General Assembly should adopt a process for the negotiation of health care benefits at the state level by a*
576 *council of school board members to apply to contracts that expire in 2019.*

577

578 **The Report of the Vermont Education Health Benefits Commission (2017)**

579 *The Commission agrees that equal access to health care benefits for all Vermont teachers, administrators and*
580 *support staff and uniform, predictable cost sharing arrangements for those benefits are significant*
581 *advantages of establishing a statewide negotiation. ...A statewide negotiation could provide all school*
582 *employees with health benefits coverage under equitable cost sharing terms.*

583 ...

584 *The Commission agrees that the use of income-sensitized premiums provides an additional mechanism for*
585 *further addressing and alleviating disparities across different employee classes and/or bargaining units.*

586

587 **Act 11, Vermont Legislature, Special Session (2018)**

588 *In recognition of the existing disparities in health care benefits between different supervisory unions and*
589 *school districts and between different categories of employees within the same supervisory unions and school*
590 *districts, it is the intent of the General Assembly that the Commission on Public School Employee Health*
591 *Benefits endeavor to transition school employees and school employers to more equitable health coverage*
592 *statewide in a manner that is fair and practicable for all parties involved.*

593 In consideration of these positions, the parties to this agreement believe in the following principles:

594 Income should never be a barrier to medical care. What employees pay for employer-based health insurance
595 should be based on their ability to pay. To that end, the parties believe that a formula for cost-sharing of
596 premiums and OOP expenses that is income sensitized should ultimately be implemented through future
597 negotiations.

598 Second, regardless of how premium and OOP cost-sharing proposal fares in bargaining, the parties should
599 undertake a rigorous project of research and data analysis with the objective of designing income-sensitized
600 model(s) of cost-sharing for health benefits that is(are) fair and practicable for school districts and school
601 employees.

602 **To accomplish this:**

603 a) The parties will jointly determine how to structure, facilitate and fund this project and with whom to
604 consult for analytical expertise and economic-modeling guidance;

605

606 b) The parties will determine how income-sensitivity is to be structured and implemented for all school
607 work classifications;

608

- 609 c) A model or models of income-sensitized cost-sharing will be formally adopted by the parties at the
610 second round of statewide bargaining;
611
- 612 d) The parties will keep school boards, local unions, school employees, the legislature and administration
613 apprised of its work and progress;
614
- 615 e) The consequences – medical, financial and administrative – of the transition to high-deductible benefit
616 plans and health spending accounts in 2018 will inform the work of the parties;
617
- 618 f) The first statewide agreement shall run for a duration of four years (January 1, 2021- December 31, 2024),
619 to accord the unions, VSBA and outside support entities adequate time to research and design an income-
620 sensitized cost-sharing model(s) and to prepare appropriately for the transition to the chosen model(s)
621 after formal adoption.
